

Steve+ EasyON

Independently donning a leg stocking

INSTALLATION OF THE STOCKING OVER THE STEVE+ EASYON

Fold the top of the stocking. In this way you'll have a good grip.

First slide the stocking over the Steve+ EasyON at the back. Pull the stocking down.

Roll up the stocking until the heel of the stocking is half way over the edge of the Steve+ EasyON. Put on the stocking.

POSITIONING OF THE HEEL

HEEL IS POSITIONED TOO HIGH

Roll the heel of the stocking a few inches/centimeters less far over the edge of the Steve+ EasyOn. Put on the stocking.

HEEL IS POSITIONED TOO LOW

Roll the heel of the stocking a few inches/centimeters further over the edge of the Steve+ EasyON. Put on the stocking.

HEEL IS PLACED RIGHT

Tip: Mark the right position until where you should roll down the stocking.
